Primary Teacher, Teacher Trainer (PGCE), Qualified Professional Development Lead, Education Consultant, Rights Respecting Schools Assessor.

"After 23 years in the classroom and over 15 years working in Teacher Training, I have been motivated to specialise in diversity and inclusion education.

Children can learn at school when they feel safe and secure, when they know that they can be proud of themselves and their families. My work is aimed at helping more children to develop their self esteem and confidence in being themselves

I want to encourage children (and adults) to recognise that we don't have to like or understand everything about each other, but we can allow other people to just be themselves."
